ASUNTO: Your Postman Enterprise trial is active

CUERPO DEL CORREO

Invite your team to get the most out of your trial ■ ■ ■

Hi there,

Your
Postman Enterprise trial
is now active.

For the next 30 days, you have access to Enterprise capabilities designed for teams working together at scale, including organization-level visibility, governed workflows, and expanded AI usage.

Enterprise adds the controls teams need as usage grows. Instead of managing API work in isolation, your team can collaborate in shared workspaces with clear ownership, permissions, and visibility.

Next step
Invite teammates to your workspace and start working together on the same APIs.

Invite Your Team

Admins can adjust access and settings anytime in
workspace settings

.
